FREE FOR EVERY CRICKET TEAM · NO SIGN-UP

Cricket Match Fees

Split the ground fee, handle free players, and post one tidy list to your WhatsApp group. Players tick ✅ when they pay. The app keeps count for you.

Works on any phone · No login · Your data stays on your phone · Free, forever

1. **Paste the CricHeroes link** and the match fee.
2. **Tap Send.** Pick your team's WhatsApp group.
3. **Paste the group's ticked list back.** The app marks who paid.

Scan with your phone camera

Easy guide for captains

Screens show a made-up demo team

PART 1 · FIRST TIME ONLY (2 MINUTES)

Get set up

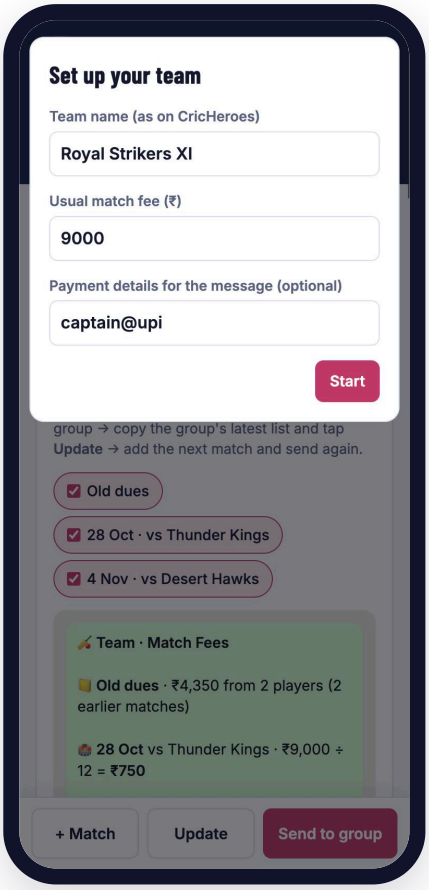

1 Open the app

On your phone, open **pravesh-20.github.io/cricket-match-fees** or scan the QR code on the front page. It opens in your normal browser (Chrome or Safari). There's nothing to download.

2 Type your team name

- **Team name:** write it the same way as on CricHeroes. The app uses it to find your players in the scorecard.
- **Usual match fee:** what the ground usually costs. You can change it for each match.
- **Payment details:** your UPI ID or number. It's added at the bottom of every message so players know where to pay.

Tap **Start**.

3 Put it on your home screen

Tap **More** → **Add to home screen**. Now it opens like an app, with its own icon.

- **iPhone:** in Safari, tap the Share button, then "Add to Home Screen".
- **Android:** in Chrome, tap ⋮ (top right), then "Add to Home screen".

Already collecting fees on WhatsApp? You don't have to start over. Copy your latest fees list from the group, then tap **Update** and paste it. Everyone's pending amount comes in, and people with ✅ are marked paid.

Add the match

1 Tap “+ Match”

It's at the bottom of the screen.

2 Paste the CricHeroes link

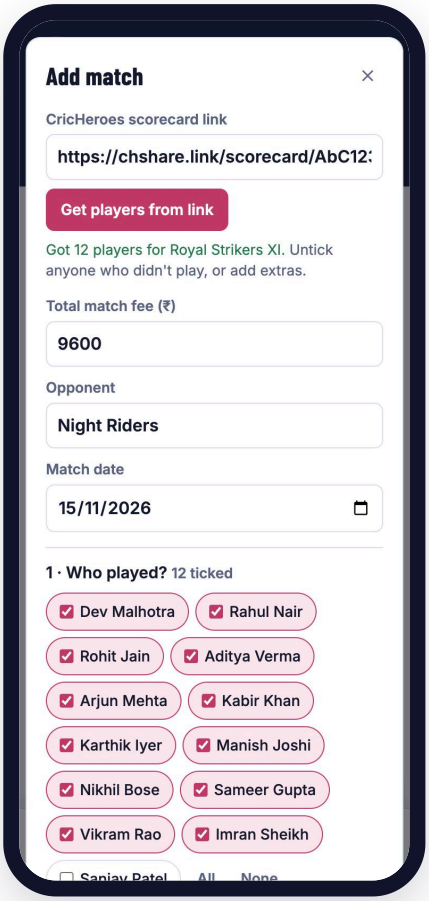

In CricHeroes, open the match and tap **Share**, then copy the link. Paste it and tap **Get players from link**. The app fills in who played, the opponent and the date by itself.

- Someone played but isn't in the scorecard? Type their name and tap **Add**.
- Someone in the scorecard didn't pay or play? Untick them.
- No link? Just tick the names. The app remembers your players from earlier matches.

3 Check the fee

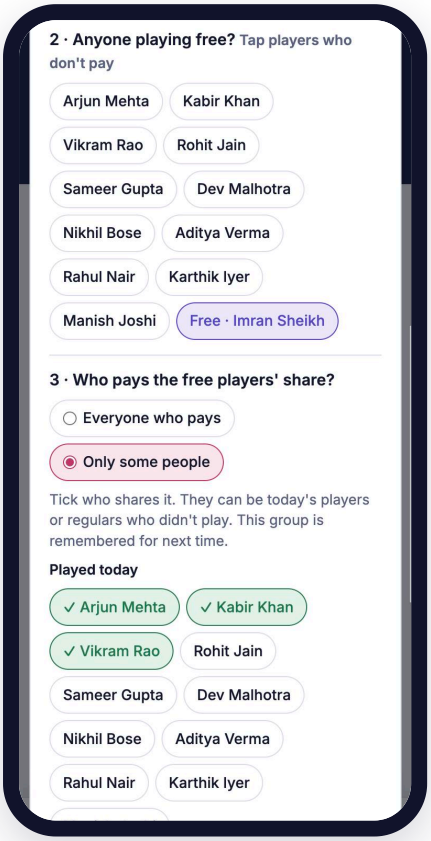

Type the total ground fee. The app divides it by the number of players: 11 players means ÷ 11, 12 players means ÷ 12. Each share is rounded up to the next rupee.

Two or three matches to add? Tap **Save & add another** instead of “Add match”. The next empty form opens straight away.

Someone played free?

Sometimes a guest or a junior plays without paying. Their share still has to come from somewhere. You decide who pays it.

1 Tap the free player

Under **"Anyone playing free?"** tap their name. It turns purple and says **Free**.

2 Choose who covers them

- **Everyone who pays:** the free share is split across all the paying players.
- **Only some people:** tick just the people who cover it, for example the 4–5 regulars who always help.

3 Regulars who didn't play can chip in too

Under **"Didn't play, but chip in"**, tick regulars who weren't on the field that day. They pay only their part of the free player's share.

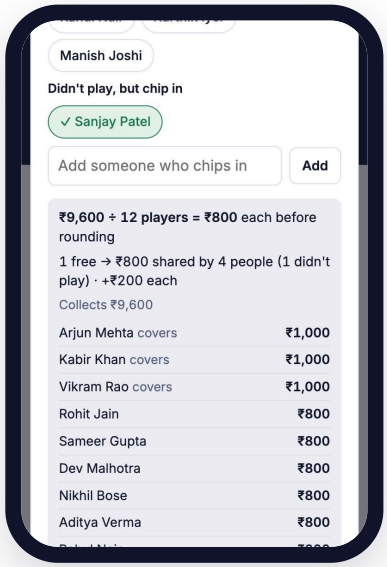

Name not in the list? Type it in the **"Add someone who chips in"** box and tap **Add**. It works for anyone, even someone who has never played a match in the app.

The app remembers your covering group, so next time it's already ticked.

Check the summary, then save

At the bottom you see exactly what each person pays. In this example: ₹9,600 ÷ 12 = ₹800 each. Imran plays free, so his ₹800 is shared by 4 people (+₹200 each). Three of them played and pay ₹1,000; Sanjay didn't play and pays just ₹200.

Tap **Add match**.

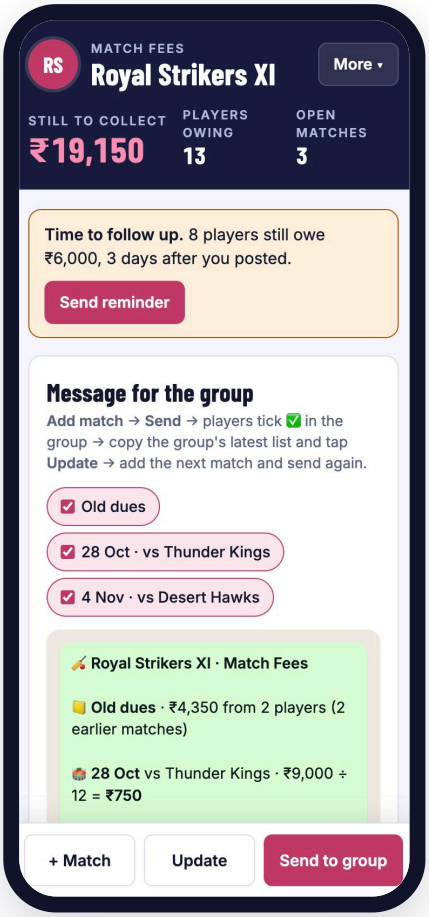

PART 2 · AFTER EVERY MATCH

Send the list to your group

Tap **Send to group** at the bottom. WhatsApp opens with the message ready. Pick your team group and press send.

The message covers **every unpaid match and old dues**, so each player sees one total.

> 🏏 **Royal Strikers XI · Match Fees**
>
> 📒 **Old dues** · ₹4,350 from 2 players
> 🏟️ **28 Oct** vs Thunder Kings · ₹9,000 ÷ 12 = **₹750**
> 🏟️ **4 Nov** vs Desert Hawks · ₹8,800 ÷ 11 = **₹800**
>
> **Pay and tick ✅ next to your name 👇**
> 1. Rohit Jain – ₹3,000 (old ₹1,450 + 28 Oct + 4 Nov)
> 2. Arjun Mehta – ₹1,000 (4 Nov ₹1,000) · paid 28 Oct
> 3. Nikhil Bose – ₹800 (4 Nov)
>
> Pending: **₹19,150** from 13 players
> Pay to: captain@upi

How to read a line

- **"old ₹1,450"**: money still owed from before.
- **"28 Oct"**: that day's match, at the usual share shown above.
- **"4 Nov ₹1,000"**: a different amount, for example because they covered a free player.
- **"paid 28 Oct"**: already paid for that match.

Only want some matches in the message? Untick them in the coloured buttons above the preview. Fully paid matches are left out automatically.

PART 3 · WHEN PEOPLE PAY

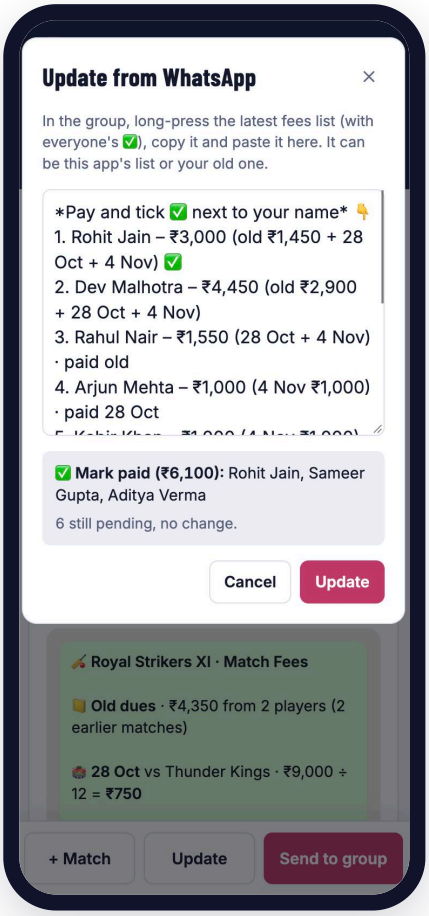

Mark who has paid

Players reply in the group and put ✅ against their name. There are two easy ways to bring that into the app. Use whichever you like.

Way 1 · Paste the group's list (fastest)

1. In WhatsApp, **long-press** the latest list with everyone's ✅ and tap **Copy**.
2. In the app, tap **Update** at the bottom.
3. Paste. The app shows who will be marked paid.
4. Tap **Update**.

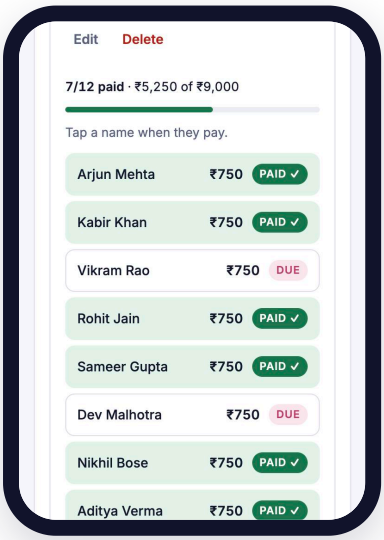

Pasting the same list twice is safe. Nothing is counted twice.

Way 2 · Tap the name

Scroll to the match and tap a player's name. The row turns green and says **PAID ✓**. Tapped by mistake? Tap again to undo.

Someone paid for several matches at once? Open **By player** and tap **Mark all paid** next to their name.

Next match played? Just repeat

+ Match
Add the new match.

Send
Post the updated list.

Ticks
Players tick ✅ in the group.

Update
Paste the list back.

New amounts are added on top of what people already owe, so the list is always one up-to-date total per player.

Reminders, co-captain and clean-up

⏰ Automatic reminder card

Two days after you post, a yellow card appears: **“Time to follow up”**. Tap **Send reminder** to post a short list of only the people who still owe.

🎉 Everyone paid?

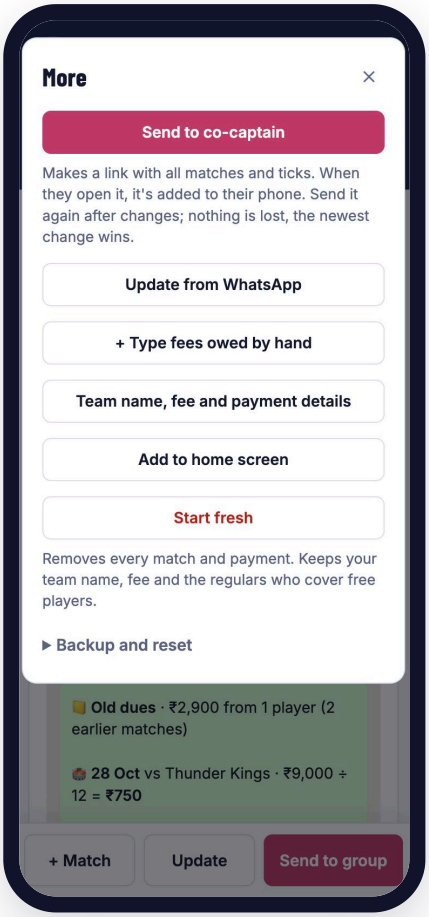

When the last person pays for a match, a green card offers a ready **“All fees received, thanks everyone”** message for the group.

Share with your co-captain

More → **Send to co-captain** makes a link with all your matches and ticks. Send it to them on WhatsApp. When they open it, everything appears on their phone. Send it again whenever things change; the newest change wins and nothing else is lost.

🧹 Clean up

- **Remove fully paid:** open “Fully paid” at the bottom of the match list.
- **Start fresh:** **More** → **Start fresh** clears all matches but keeps your team name and settings.

Questions captains ask

Is it really free? Do I need to sign up?
Yes, it's free, and there's no sign-up, login or app store download.

I'm changing phones. Will I lose everything?
Before switching, use **Send to co-captain** and send the link to yourself, or **More → Backup and reset → Download backup file**.

Someone paid only part of the amount.
Mark them paid for that match, then add what's left with **More → Type fees owed by hand** (for example “Rohit 300”).

Where is my data kept? Is it safe?
Only on your own phone. Nothing is sent to any server. Only people you send the co-captain link to can see your list.

“Get players from link” didn't work.
Check the link is a CricHeroes scorecard link. If the match has no scorecard yet, just tick the players by hand.

A player's name is spelled two ways.
The app treats different spellings as different people. Keep one spelling: edit the match or the old dues and fix the name.
